

TOTAL Ultraseal

Say goodbye to punctures today!

Sounds like magic doesn't it? Well it isn't. TOTAL has the answer to all your tire problems and is ready to help you to save money! Ultraseal is the solution, Ultraseal is a water soluble fluid that seals air leaks and punctures up to 1/4 inch in diameter, preserves the tire casing and makes the tires run cooler and longer. Ultraseal will last as long as the recommended tread life of the tire and is not affected by the time it spend in the tires. So all you have to do is drive over to any TOTAL service station and in 5 minutes you will begin to save money. THE TIRE-LIFE EXTENDER.
